

FORNORTH

GARDEN SHED 10,85 m²

FORNORTH

Built for the Nordic conditions.

Reliable equipment deserves reliable support.
Scan the QR code to get in touch.

Read the Operating Instructions carefully before using the device and keep them for future use. Failure to follow the instructions may result in damage to the device, to other property damage, personal injury or even death. IP-Agency Finland Oy – All rights reserved. The product and Instructions for Use may change. Technical information may change without separate notification. Importer: IP-Agency Finland Oy support @ip-agency.fi Soolokatu 5, 04410 Järvenpää Finland

I. Brief Introduction

To use the product safely and correctly, read the entire user manual before installing the product and keep it along with the packaging, as they contain important information.

II. Parts and Instructions

- Metal garden shed

III. Setting Parameters

- Model: Metal garden shed
- Size: 340×313×200 cm

IV. Package Contents

5. Metal garden shed ×1
6. Technical specifications ×1

Important

Products should be kept out of reach of children. For environmental reasons, the product packaging should be disposed of in appropriate separate waste collection containers.

V. Principles of Safe Use

Read the user manual before use. The product is intended for outdoor use. Check that the parameters match the information provided in the instructions, packaging, or product label. Do not use near open flames, high temperatures, high humidity, and flammable materials. Children cannot install it. Do not install the product in a place where it can be easily damaged.

VI. Maintenance and Storage

Clean the product with a promotional cloth. For long-term maintenance, disassemble the product and use a waterproof substance on suitable parts. Store the product in its original packaging in a dry place, away from heat and out of reach of children. Remove snow from the roof every time. More than 10 cm of snow can be dangerous! Do not walk on the roof; you may fall!

VII. Disposal

Used products should be sorted and placed in appropriate containers for recyclable materials. The environment should be protected, and waste should be sorted in designated areas.

In winter use, it must be ensured that the snow load is removed from the roof of the garden shed. The warranty does not cover damage to the roof or other structural damage caused by excessive snow load or other similar external reasons

Safety instructions

Read the attached user manual and follow the assembly steps for proper assembly of the product before starting assembly.

Check that no parts are missing before assembly.

We must ensure that a suitable, flat, and stable surface is chosen for assembly to prevent the product from tipping over or being damaged.

Do not install under trees,
as this increases the risk of falling branches and leaves.

Do not choose to start assembly in extreme weather conditions (strong wind, rain, snow), as it is difficult and dangerous to install.

Use ladders safely and ensure they are firmly on the ground.

We use protective gloves to avoid injuries when handling tools and heavy parts that require two people to lift together.

We must be very careful during assembly, especially with the edges.
Some parts may be very sharp, so it is essential that we always wear work gloves, long-sleeved clothing, and safety glasses.

We should ensure that the base is evenly secured to the ground.
It can be a 10 cm thick concrete foundation or use a larger concrete slab; the concrete must be allowed to cure for at least 48 hours.

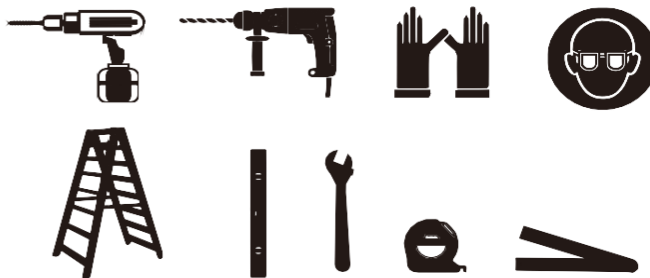

An unsecured base can cause damage during strong winds and void the warranty.

Remove the protective film before we start assembling. Read this information carefully for important tips and keep it for future use.

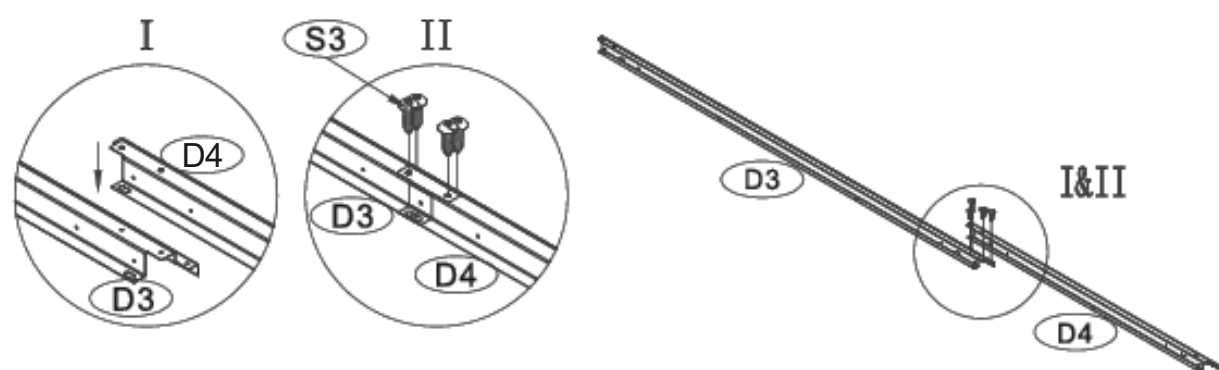

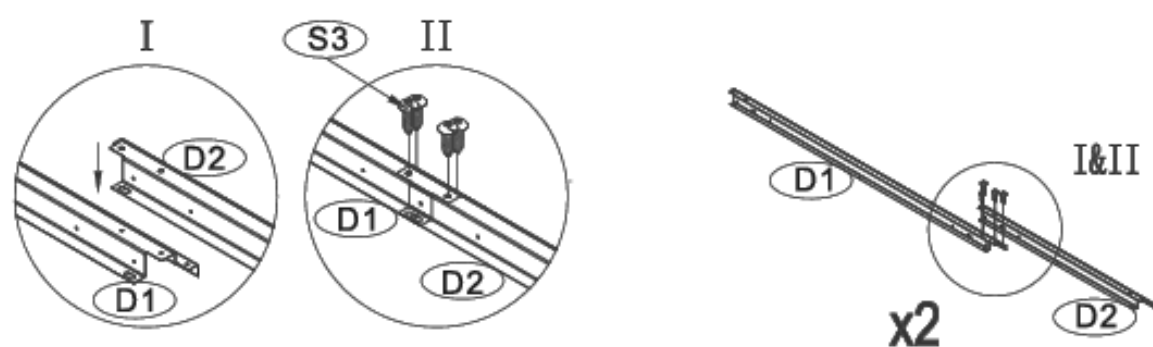

- Read the safety instructions carefully before use.
- For assembly, you will need 2 adults and a tool kit.
- You can choose whether to remove the plastic film from the accessories before installation. If the plastic film is not removed,

I. Lyhyt esittely

Jotta tuotetta voidaan käyttää turvallisesti ja oikein, lue koko käyttöohje ennen tuotteen asentamista ja säilytä se sekä pakkaus, sillä ne sisältävät tärkeitä tietoja.

II. Osat ja ohjeet

- Metallinen puutarhavaja

III. Parametrien asettaminen

- Malli: Metallinen puutarhavaja
- Koko: 340×313×200 cm

IV. Pakkaussisältö

1. Metallinen puutarhavaja ×1
2. Tekniset tiedot ×1

Tärkeää

Tuotteet tulee pitää lasten ulottumattomissa.

Ympäristöhuomioiden vuoksi tuotteen pakkaus tulee hävittää asianmukaisesti erillisiin jätekeräysastioihin.

V. Turvallisen käytön periaatteet

Lue käyttöohje ennen käyttöä. Tuote on tarkoitettu ulkokäyttöön. Tarkista, että parametrit vastaavat ohjeissa, pakkauksessa tai tuotteen etiketissä annettuja tietoja. Älä käytä avotulen, korkean lämpötilan, korkean kosteuden ja syttyvien materiaalien lähellä. Lapset eivät voi asentaa sitä. Älä asenna tuotetta paikkaan, jossa se voi helposti vahingoittua.

VI. Huolto ja säilytys

Puhdista tuote mainospyyhkeellä. Pitkäaikaista huoltoa varten ruuvaa tuote auki ja käytä vedenpitävää ainetta sopiville osille.

Säilytä tuote alkuperäisessä pakkauksessaan kuivassa paikassa, poissa lämmöstä ja lasten ulottumattomissa. Poista lumi katolta joka kerta. Yli 10 cm lunta voi olla vaarallista!

Älä kävele katolla, voit pudota!

VII. Hävittäminen

Käytetyt tuotteet tulee lajitella ja sijoittaa asianmukaisesti astioihin kierrätettävien materiaalien osalta. Ympäristöä tulee suojella ja jätteet lajitella tarkoitukseen varatuissa paikoissa.

Talvikäytössä on varmistettava, että pihavaraston katolta poistetaan lumikuorma. Takuu ei kata lumikuorman ylipainosta tai muusta vastaavasta ulkoisesta syystä johtuvaa katon romahtamista tai muuta rakenneauriota

Turvaohjeet

Lue liitteenä oleva käyttöohje ja noudata kokoonpanovaiheita tuotteen oikeaan kokoamiseen ennen kokoonpanon aloittamista.

Tarkista, ettei osia puutu ennen kokoonpanoa.

Meidän on varmistettava, että kokoonpanoa varten valitaan sopiva, tasainen ja vakaa pinta, jotta tuotteen kaatuminen tai vahingoittuminen estetään.

Älä asenna puun alle,

sillä tämä lisää putoavien oksien ja lehtien riskiä.

Älä valitse kokoonpanon aloittamista äärimmäisissä sääolosuhteissa (kova tuuli, sade, lumi), sillä se on vaikeaa ja vaarallista asentaa.

Käytä tikkejä turvallisesti ja varmista, että ne ovat tukevasti maassa.

Käytämme suojakäsineitä välttääksemme loukkaantumisita työkaluja ja raskaita osia käsitellessä, jotka vaativat kahden henkilön nostamaan yhdessä.

Meidän on oltava erittäin varovaisia kokoonpanon aikana, ja reunat.

jotkut osat voivat olla erittäin teräviä, joten on välttämätöntä, että käytämme aina työkäsineitä, pitkähihaisia | vaatteita ja suojalaseja.

Meidän tulisi varmistaa, että pohja on tasaisesti kiinnitetty maahan.

Se voi olla 10 cm paksu betoniperustus tai käyttää suurempaa betonilaattaa, betoni on varmistettava kovettumaan vähintään 48 tuntia.

Kiinnittämätön pohja voi aiheuttaa vahinkoa voimakkaan tuulen aikana ja mitätöidä takuun.

Poistathan suojakaiveron ennen kuin aloitamme kokoamisen. Lue nämä tiedot huolellisesti tärkeiden vinkkien vuoksi ja säilytä ne tulevaa käyttöä varten.

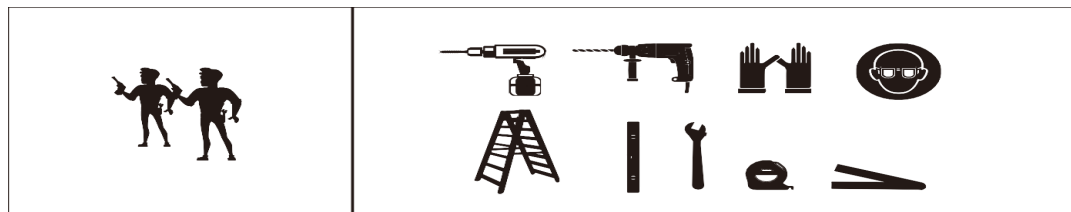

Lue turvallisuusohjeet huolellisesti ennen käyttöä.

•Kokoamispakkausta varten tarvitset 2 aikuista ja työkalusarjan.

•Voit valita, poistatko muovikalvon tarvikkeista ennen asennusta.

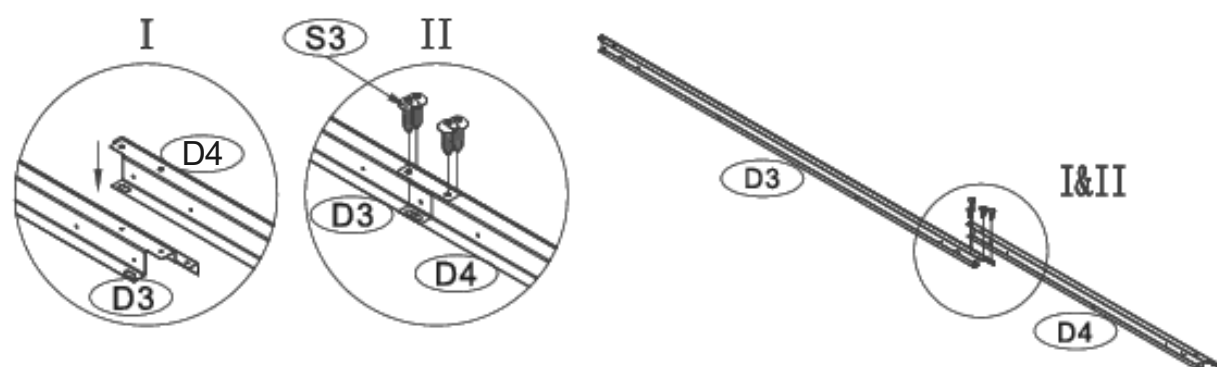

Jos muovikalvoa ei poisteta, se voi tarjota tietyn tason suojaa.

Kort Presentation

För att produkten ska kunna användas på ett säkert och korrekt sätt, läs hela bruksanvisningen innan installation av produkten och spara den samt förpackningen, eftersom de innehåller viktig information.

I. Delar och instruktioner

- Metallisk trädgårdsbod

II. Inställning av parametrar

- Modell: Metallisk trädgårdsbod
- Storlek: 340×313×200 cm

III. Innehåll i förpackningen

3. Metallisk trädgårdsbod ×1
4. Tekniska specifikationer ×1

Viktigt

Produkterna ska hållas utom räckhåll för barn. Av miljöskäl ska produktens förpackning kasseras i lämpliga separata avfallsbehållare.

IV. Principer för säker användning

Läs bruksanvisningen innan användning. Produkten är avsedd för utomhusbruk. Kontrollera att parametrarna överensstämmer med de uppgifter som anges i instruktionerna, på förpackningen eller på produktens etikett. Använd inte i närheten av öppen eld, hög temperatur, hög luftfuktighet och brännbara material. Barn får inte installera den. Installera inte produkten på en plats där den lätt kan skadas.

V. Underhåll och förvaring

Rengör produkten med en reklamduk. För långsiktig underhåll, skruva isär produkten och använd ett vattentätt medel på lämpliga delar. Förvara produkten i sin ursprungliga förpackning på en torr plats, borta från värme och utom räckhåll för barn. Ta bort snö från taket varje gång. Mer än 10 cm snö kan vara farligt! Gå inte på taket, du kan falla!

VI. Borttagning

Använda produkter ska sorteras och placeras i lämpliga behållare för återvinningsmaterial. Miljön ska skyddas och avfall ska sorteras på avsedda platser.

Vid vinteranvändning ska det säkerställas att snöbelastningen tas bort från taket på trädgårdsboden. Garantin täcker inte takets kollaps eller andra strukturella skador orsakade av överbelastning av snö eller andra liknande externa orsaker.

Säkerhetsanvisningar

Läs den bifogade bruksanvisningen och följ monteringsstegen för att korrekt montera produkten innan du påbörjar monteringen.

Kontrollera att inga delar saknas innan montering.

Vi måste säkerställa att en lämplig, plan och stabil yta väljs för montering för att förhindra att produkten välter eller skadas. Installera inte under ett träd, eftersom detta ökar risken för fallande grenar och löv.

Välj inte att påbörja monteringen under extrema väderförhållanden (kraftig vind, regn, snö), eftersom det är svårt och farligt att installera.

Använd stegar på ett säkert sätt och se till att de står stadigt på marken.

Vi använder skyddshandskar för att undvika skador när vi hanterar verktyg och tunga delar som kräver att två personer lyfter tillsammans.

Vi måste vara mycket försiktiga under monteringen, och kanterna. vissa delar kan vara mycket vassa, så det är nödvändigt att vi alltid använder arbetshandskar, långärmade kläder och skyddsglasögon.

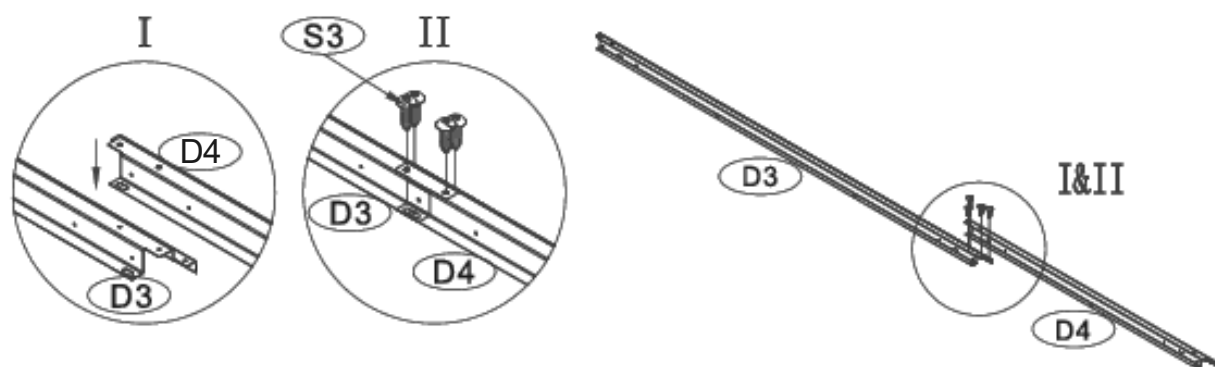

Vi bör säkerställa att basen är jämnt fäst vid marken. Det kan vara en 10 cm tjock betongfundament eller använda en större betongplatta

, betongen måste härda i minst 48 timmar. En ofäst bas kan orsaka skador under kraftig vind och ogiltigförklara garantin.

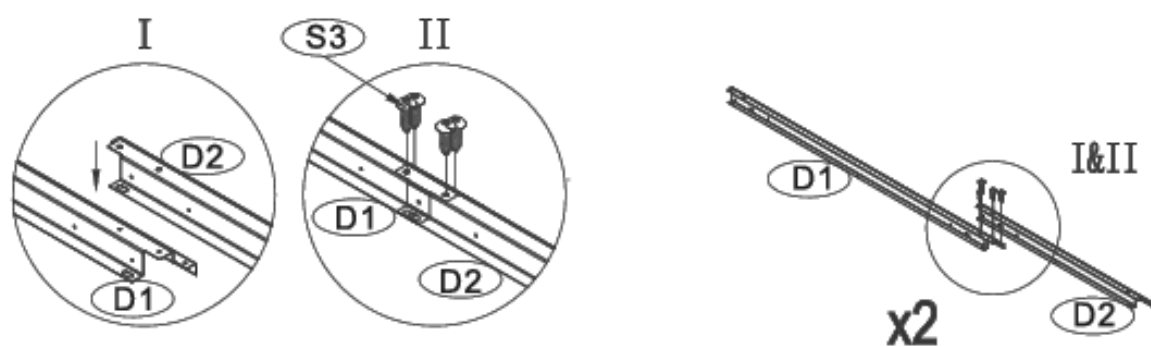

Ta bort skyddsfilmen innan vi påbörjar monteringen. Läs denna information noggrant för viktiga tips och spara dem för framtida bruk.

I. Kurze Einführung

K Um das Produkt sicher und korrekt zu verwenden, lesen Sie die gesamte Bedienungsanleitung vor der Installation des Produkts und bewahren Sie diese sowie die Verpackung auf, da sie wichtige Informationen enthalten.

II. Teile und Anleitungen

- Metallgartenhaus

III. Parametereinstellungen

- Modell: Metallgartenhaus
- Größe: 340×313×200 cm

IV. Verpackungsinhalt

7. Metallgartenhaus ×1
8. Technische Daten ×1

Wichtig

Produkte sollten außerhalb der Reichweite von Kindern aufbewahrt werden. Aus Umweltgründen sollte die Verpackung des Produkts in den entsprechenden separaten Abfallbehältern entsorgt werden.

V. Grundsätze für sichere Verwendung

Lesen Sie die Bedienungsanleitung vor der Verwendung. Das Produkt ist für den Außeneinsatz gedacht. Überprüfen Sie, ob die Parameter den in den Anweisungen, auf der Verpackung oder auf dem Etikett des Produkts angegebenen Informationen entsprechen. Verwenden Sie das Produkt nicht in der Nähe von offenem Feuer, hohen Temperaturen, hoher Luftfeuchtigkeit und brennbaren Materialien. Kinder dürfen es nicht installieren. Installieren Sie das Produkt nicht an einem Ort, an dem es leicht beschädigt werden kann.

VI. Wartung und Lagerung

Reinigen Sie das Produkt mit einem Werwisch Tuch. Für eine langfristige Wartung schrauben Sie das Produkt auseinander und verwenden Sie wasserabweisendes Material für geeignete Teile. Bewahren Sie das Produkt in seiner Originalverpackung an einem trockenen Ort, fern von Wärme und außerhalb der Reichweite von Kindern auf. Entfernen Sie regelmäßig Schnee vom Dach. Mehr als 10 cm Schnee kann gefährlich sein! Gehen Sie nicht auf das Dach, Sie könnten fallen!

VII. Entsorgung

Benutzte Produkte sollten sortiert und in die entsprechenden Behälter für recycelbare Materialien gelegt werden. Die Umwelt sollte geschützt und Abfälle sollten an den dafür vorgesehenen Orten sortiert werden.

Bei Wintergebrauch ist sicherzustellen, dass die Schneelast vom Dach des Gartenhauses entfernt wird. Die Garantie deckt keine Schäden am Dach oder an anderen Strukturen, die durch Überlastung durch Schneelast oder andere ähnliche äußere Ursachen verursacht werden.

Sicherheitshinweise

Lesen Sie die beiliegende Bedienungsanleitung und befolgen Sie die Montageanweisungen, um das Produkt korrekt zusammenzubauen, bevor Sie mit der Montage beginnen.

Überprüfen Sie, ob Teile fehlen, bevor Sie mit der Montage beginnen.

Wir müssen sicherstellen, dass eine geeignete, ebene und stabile Fläche für die Montage ausgewählt wird, um ein Umkippen oder Beschädigen des Produkts zu verhindern.

Installieren Sie nicht unter einem Baum,
da dies das Risiko von herabfallenden Ästen und Blättern erhöht.

Wählen Sie nicht, die Montage bei extremen Wetterbedingungen (starker Wind, Regen, Schnee) zu beginnen, da es schwierig und gefährlich ist, zu installieren.

Verwenden Sie Leitern sicher und stellen Sie sicher, dass sie stabil auf dem Boden stehen.

Wir tragen Schutzhandschuhe, um Verletzungen beim Umgang mit Werkzeugen und schweren Teilen zu vermeiden, die von zwei Personen gemeinsam angehoben werden müssen.

Wir müssen während der Montage sehr vorsichtig sein, und die Kanten.
Einige Teile können sehr scharf sein, daher ist es unerlässlich, dass wir immer Arbeitshandschuhe, langärmlige Kleidung und Schutzbrillen tragen.

Wir sollten sicherstellen, dass die Basis gleichmäßig am Boden befestigt ist.
Es kann ein 10 cm dicker Betonfundament sein oder eine größere Betonplatte verwendet werden, der Beton muss mindestens 48 Stunden aushärten.

Eine ungesicherte Basis kann bei starkem Wind Schäden verursachen und die Garantie ungültig machen.

Entfernen Sie die Schutzfolie, bevor Sie mit der Montage beginnen. Lesen Sie diese Informationen sorgfältig für wichtige Tipps und bewahren Sie sie für zukünftige Verwendung auf.

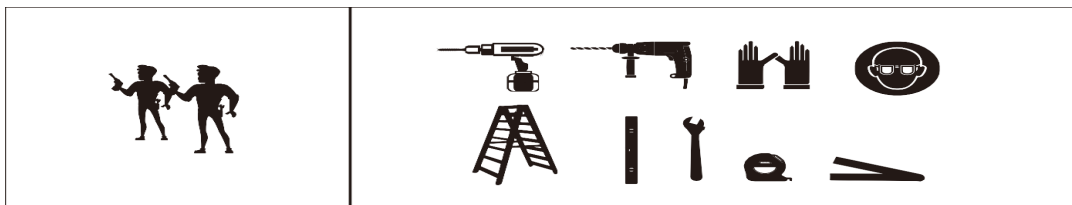

Lesen Sie die Sicherheitshinweise sorgfältig vor der Verwendung.

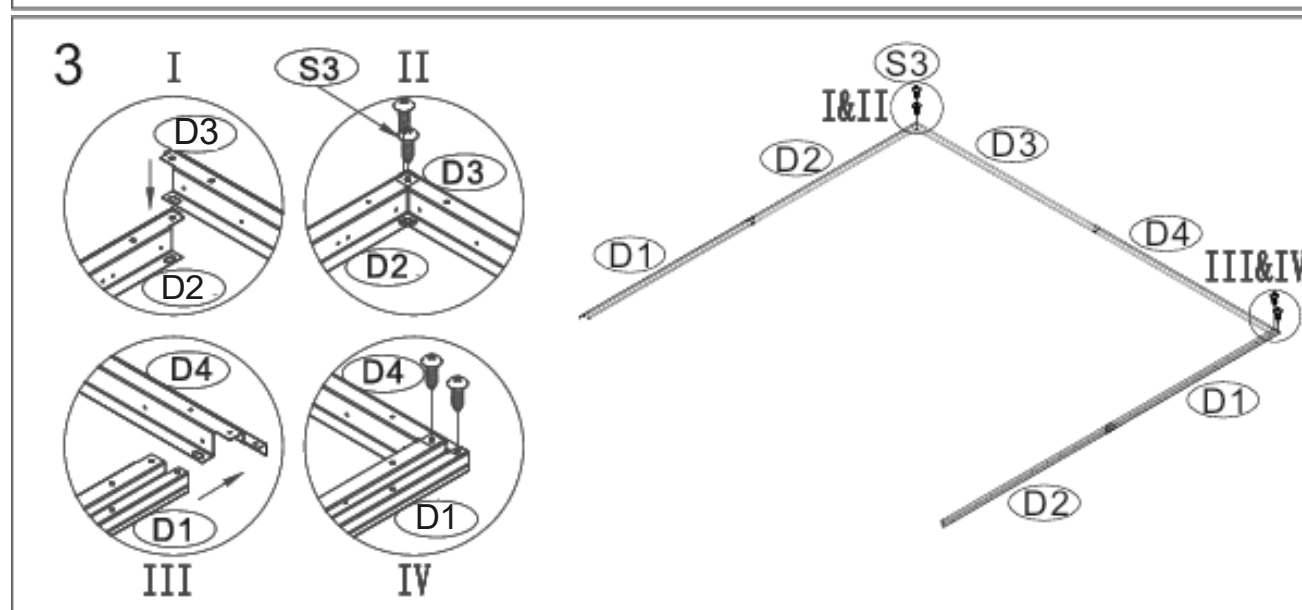

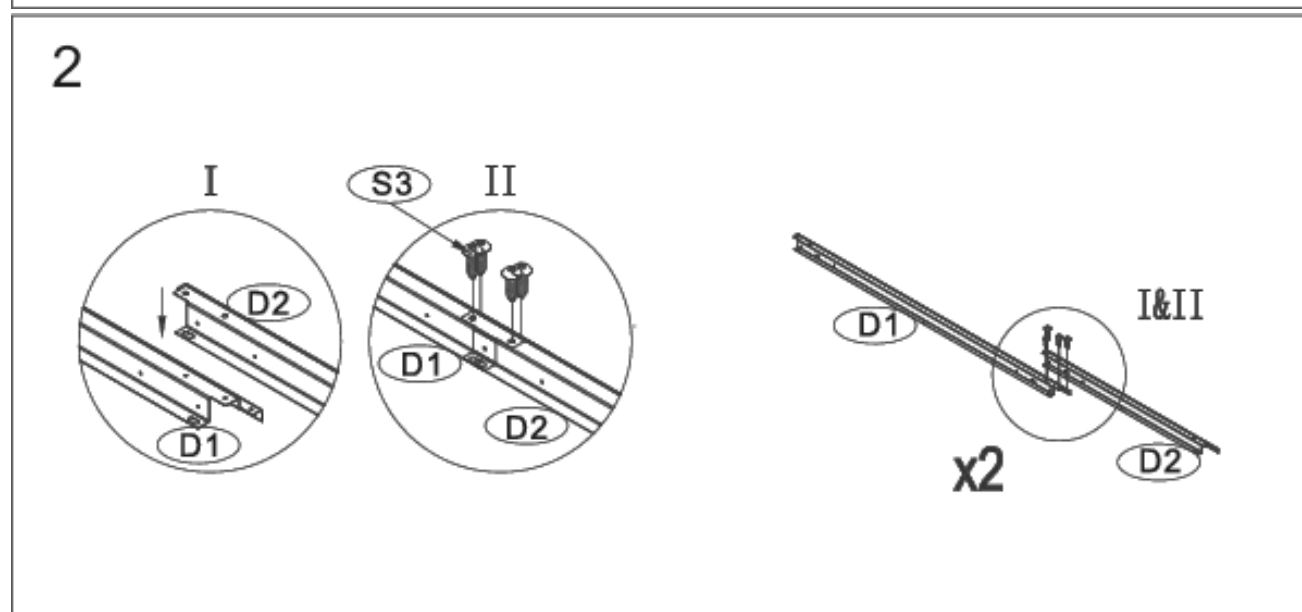

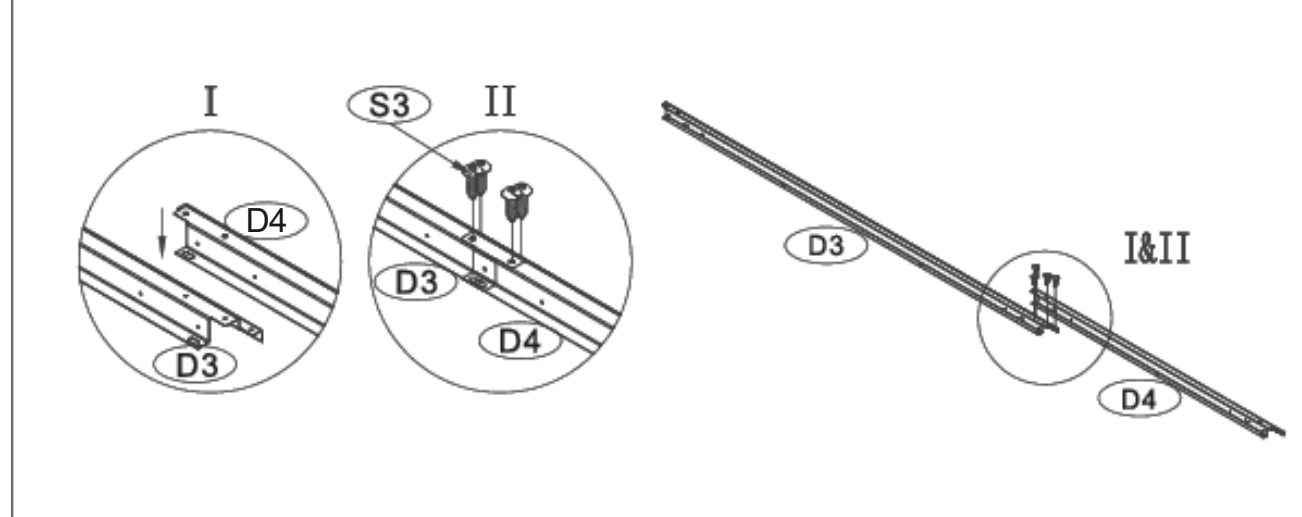

Für die Montage benötigen Sie 2 Erwachsene und ein Werkzeugset.

Sie können wählen, ob Sie die Kunststoffolie von den Materialien vor der Installation entfernen möchten. Wenn die Kunststoffolie
